## **APPENDIX: GLOSSARY OF TERMS**

**Anti-Dilution Adjustment:** A percentage charge determined by the manager of the Underlying Sub-Fund that is charged:-

- a) on a Dealing Day where there are net subscriptions into the Underlying Sub-Fund and which will be included in the net asset value per share of the Underlying Sub-Fund which is the subscription price. This charge reflects the costs incurred by the Underlying Sub-Fund in purchasing additional portfolio securities upon the subscription for shares in the Underlying Sub-Fund; or
- b) on a Dealing Day where there are net redemptions from the Underlying Sub-Fund and which will be included in the net asset value per share of the Underlying Sub-Fund which is the redemption price. This charge reflects the costs incurred by the Underlying Sub-Fund in disposing of portfolio securities to meet the redemption requests.

The charge shall not exceed in any event 2% of the subscription or redemption monies, as the case may be, and in both cases the charge shall be paid into or retained by the Underlying Sub-Fund, as the case may be, in order to discharge the typical costs of dealing in the underlying investments of the Underlying Sub-Fund, such as dealing spreads, dealing charges, fees and taxes.

**Business Day:** Any day other than a Saturday, Sunday, or gazetted public holiday on which commercial banks in Singapore are generally open for business, or where the context expressly requires, any day other than Saturday or Sunday on which commercial banks in Singapore or elsewhere are generally open for business or any other day that the Manager and the Trustee agree in writing.

- b) without prejudice to the generality of the foregoing, if on any day which would otherwise be a Dealing Day in relation to Units of the Sub-Fund the recognised market on which investments or other property comprised in, and having in aggregate values amounting to at least 50% of the net asset value (as of the immediately preceding valuation point) of the Sub-Fund are quoted, listed or dealt in is or are not open for normal trading, or (ii) on any day where the Underlying Sub-Fund is not normally traded, the Manager may determine that day shall not be a Dealing Day in relation to Units of the Sub-Fund.
