

FSSA Japan Focus Fund Class E USD

a subfund of First Sentier Investors ICVC (the Company)

Investment objective and policy

The Fund aims to achieve capital growth over the medium to long term (at least three years). The Fund invests at least 80% in shares of large and mid-sized companies based in or where the majority of their activities take place in Japan and that are listed on exchanges worldwide. This includes companies that are listed on exchanges worldwide which provide to exposure to Japan. These companies generally have a total stock market value of at least US\$1 billion. The Fund may invest up to 10% in other funds. The Fund will only use derivatives to reduce risk or to manage the Fund more efficiently in limited cases.

This Class E share closed to new investors on the 14th May 2021. Shareholders who invested before that date can continue to subscribe and redeem as normal. Investors holding shares via nominee entities who transfer those shares to another nominee entity may not be able to top up further if the new nominee is not itself a holder of Class E shares in the fund.

* The benchmark and IA sector for this Fund have been identified as a means by which investors can compare the performance of the Fund and have been chosen because their constituents most closely represent the scope of the investable assets. The benchmark and sector are not used to limit or constrain how the portfolio is constructed nor are they part of a target set for Fund performance. The benchmark of the Fund changed from MSCI Japan Net Index to TOPIX Net Total Return Index with effect from 9 December 2021. This change has been reflected in the calculation of the benchmark performance.

The value of investments and any income from them may go down as well as up and is not guaranteed. Investors may get back significantly less than the original amount invested.

The Fund may experience the following risks:

Currency risk: The Fund invests in assets which are denominated in other currencies; changes in exchange rates will affect the value of the Fund and could create losses. Currency control decisions made by governments could affect the value of the Fund's investments and could cause the Fund to defer or suspend redemptions of its shares.

Single country / specific region risk: investing in a single country or specific region may be riskier than investing in a number of different countries or regions. Investing in a larger number of countries or regions helps spread risk.

For further information on risks, please refer to the Risk Factors section in the Company prospectus.

Investment should be made on the basis of the Prospectus and Key Investor Information Document. If you are in any doubt as to the suitability of any of our funds for your investment needs, please seek independent financial advice.
